ENGAGE • EDUCATE • ENRICH

Our Story:

The Artmobile journey started when a passionate college art instructor, “Miss Bobbie”, influenced one of her students, Gail Holinka, through the power of ART! The two began working together in 1991, offering children art activities at “Art in the Courtyard”. Since that time the two have collaborated on many art projects for both young and old. Both are very strong advocates for the arts . They have traveled near and afar to share their programming skills and collaborative art projects with others. They look forward to continuing this journey with the Worthington community!
